WARRANT FOR TOWN MEETING

STATE OF NEW HAMPSHIRE

To the inhabitants of the town of Alton, in the County of Belknap, in said State, qualified to vote in town affairs:

You are hereby notified to meet at the Town House, in said Alton, on Tuesday, the fourteenth day of March next, at nine o'clock in the forenoon, to act upon the following subjects:

Article 1. To see what sum of money the town will vote to raise and appropriate to pay all necessary charges of the town for the ensuing year.

Article 2. To see what sum of money the town will vote to raise and appropriate for the repairs of highways and bridges for the ensuing year, in addition to that required by law.

Article 3. To see what sum of money the town will vote to raise and appropriate for the removal of snow and other necessary winter work, in addition to that required by law.

Article 4. To see what sum of money the town will vote to raise and appropriate for the purchase of tarvia and application of the same.

Article 5. To see if the town will vote to raise and appropriate the sum of \$370.25 provided that the state will contribute \$1,480.97 for Class V roads, so called.

Article 6. To see if the town will vote to authorize the selectmen to borrow necessary monies in anticipation of taxes.

- Article 7. To see what sum of money the town will vote to raise and appropriate for the decoration of soldiers' graves.
- Article 8. To see what sum of money the town will vote to raise and appropriate for the maintenance of the Public Library, in addition to that required by law.
- Article 9. To see if the town will vote to raise and appropriate the sum of \$400.00, to be expended under state supervision, for the control of the White Pine Blister Rust. (By request)
- Article 10. To see if the Precinct (or district) will vote to petition the State Tax Commission to have an audit made by the Division of Municipal Accounting and to make an appropriation to cover the expense of such audit. (By request)
- Article 11. To see if the town will vote to adopt the Non-Partisan Ballot System for the election of town officials as provided in the Revised Laws of New Hampshire. (By request)
- Article 12. To see if the town will vote to instruct the selectmen to instruct the governor of the state of New Hampshire to send a request to the Congress of the U. S., a plea that they pass an adequate bill for Soldier voting that will enable every person in the armed forces to vote for Federal officers at the next Federal Election. (By request)
- Article 13. To see what sum of money the town will vote to raise and appropriate for the aid of the Lacomia Hospital. (By request)
- Article 14. To see if the town will vote to raise and appropriate the sum of \$210.00 to the Lakes Region Ass'n of New Hampshire to assist in planning and development and for the issuance and distribution of printed matter and newspaper and magazine advertising calling attention to the resources and

natural advantages of the town, in cooperation with other towns in the Lakes region. (By request)

Article 15. To see if the town will vote to allow a discount on all property taxes for the 1944 assessment, one per cent to August 31 and one-half of one per cent to September 30, inclusive.

Article 16. To see if the town will vote to raise and appropriate the sum of \$100.00 to provide for additional fire, police and health protection due to the war emergency. (By request)

AUDITORS' CERTIFICATE

As your duly elected auditors, we have carefully checked the accounts of the town treasurer, tax collector, precinct treasurer, trustees of trust funds, treasurer of the water commissioners, library trustees and treasurer of the lighting precinct along with the bank statement of the several departments.

According to the best of our knowledge and belief they are properly vouched and correctly cast and are a true account of the business of the town for the year ending January 31, 1944.

REPORT OF FOREST FIRE WARDEN

Crises like the present test the quality and sincerity of everyone's patriotism and citizenship. The times make such unavoidable demands for universal cooperation in the many lines of essential regular and emergency public endeavor that the response given may well be assumed to be the real measure of one's love of country and his appreciation of the opportunities it offers. Ranking high in the list of public endeavor is the protection of our forests from fire. It calls for full and generous cooperation by each of us. Fire statistics indicate that better than 98 per cent of all fires in New Hampshire are man-caused. If human carelessness could be eliminated from the problem, the number of fires would drop to a mere minimum of less than 2 per cent of present figures and fire costs and losses would reduce in proportion. While this goal will not be achieved because of the perversity of human nature, the record can be vastly improved through individual discipline, alertness and cooperation.

Discipline calls for personal restraint from following unrestricted natural impulses to do as one pleases with regard to fire; alertness in cautioning others against imprudent and illegal burning and in promptly reporting fires to the local forest fire warden; cooperation in complying with laws, rules, and regulations governing the kindling and care of fires, smoking, safety of mechanical units using fire in and near woodlands and assisting the local warden in extinguishing such fires as may occur.

The possibilities of disastrous and expensive woods fires are constantly becoming more real. The hurricane felled an estimated one and one-half billion board feet of standing timber, much of which was never cleaned up. To this hazard has been and is being added extensive areas of slash from additional hundreds of millions cut to produce vitally needed wood for the war effort. With the stage so set, greater caution is increasingly necessary. It will pay substantial dividends in unburned forest areas and the saving of unnecessary fire expense.

The year 1943 was an extremely fortunate one because of favorable weather conditions. Many towns had no fires, some had minor fires while a few had expensive ones. The public controls the answer to the 1944 and future years' fire records. If the public is careful and cooperative the record will be good.

Your town warden is, perhaps, more perplexed and anxious during these war years than ever before because of increased forest fire hazards and diminishing supplies of available man-power. He looks directly to you to aid him. Will you? You can aid him most effectively by always securing the required permit before attempting to burn and by complying fully with permit requirements; by being patient when he advises of departmental restrictions on permit burning or that he deems it unsafe to burn; and by giving him the needed assistance in extinguishing fires when he needs your help. To do so is to meet one real test of citizenship.

(b) Administrative Problems of the Union

As of February 1, 1944

The procurement and retention of teachers has been the number one problem this year. When there is a shortage of any article and an artificial method of controlling the cost is not used the cost of the articles rises. The same is true of personal services and when applied to school teachers it becomes more critical as in past years salaries were kept down which in turn was felt at teacher-training institutions by a decrease in enrollment. Last year there was a call for 500 new elementary teachers in this state with but slightly more than one-tenth that number of new elementary teachers coming into service.

In this Union there is a total of 21 teachers new to their positions since the last report. Five positions have been eliminated since the last report. Five teachers have left their positions since September, 1943. There are now a total of 53 different teachers, 10 janitors, 3 nurses and 31 school buses operating in the Union. Everyone of these 97 items is personal service and at this time subject to a great deal of change due to manpower shortages.

PART II. INSTRUCTION**(a) Teachers**

As of February 1, 1944

(b) Methods and Courses of Instruction

The reading system should be extended into the fifth grade in 1944-45 and the revision of the arithmetic program should enter the fourth grade next year. Spelling is to be changed next year as the present program does not appear to accomplish the purpose.

The addition of commercial work to the high school curriculum by correspondence is somewhat in the nature of an experiment as none has been operated in this Union in the past. Many schools are thus enlarging their curriculum. The course is approved by the State Board of Education. More typewriters should be added if the experiment is successful and continues.

(c) War Activities

Your schools are stepping to the front in their contribution to the war effort. Tin cans and waste paper have recently been collected by your children. More than 90% of the children in the elementary schools are purchasing stamps or bonds each month. Not only is this helping the war effort but it is an aid in the teaching of thrift. The older children get good training in handling money and making change.

The high school is filling a very important need by sponsoring a weekly evening activity. The harvesting of farm crops by high school students continues to have its problems but certainly their help was needed and much food was saved thereby.

To the State Board of Education:

I certify that the above is a correct statement of the financial proceedings of the district for 1943, and that copies of this statement have been filed with the chairman of the board of selectmen and entered in the records of the School Board.

ALTA H. McDUFFEE,

March 25, 1943.

Chairman of the School Board.

(d) School Board's Estimate for 1944-45

It should be noted that the cost of teachers' salaries for the teachers employed was greater than anticipated for the present school year, yet we anticipated a balance on hand at the end of this year of \$2,000. Part of this \$2,000 was caused by not running the Bay school. While the anticipated cost of teachers for 1944-45 is considerably higher and the anticipated expense for minor repairs is greater, the demand on the district is approximately the same.

At the present time you are appropriating money which is being used in conjunction with an available federal subsidy to furnish excellent noon meals for your children. I expect the federal subsidy for that purpose will continue. The question arises as to the desirability of the district continuing to furnish this lunch free to all pupils that stay at noon. There is no thought of discontinuing the lunch. The only question is whether the district should continue this policy or have the children benefiting from the lunch pay from two to five cents per day. An article has been placed in the warrant for your decision.

PART IV. SCHOOL PLANT

We have planned in the budget for 1944-45 to repaint the outside of the school. If allowed to go much longer it will require two coats. We have also planned to lay a heavy type of linoleum in the home economics room and to resand the floor in the first and second grade room and put on a penetrating finish. All the floors of the building have been oil treated for some years until the summer of 1942. We have been attempting to get the oil out of the floors since then and now feel that, while very unsightly they will be in shape next summer to start their improvement.

When the shrubs near the front of the building have attained some growth they will serve to cut the severe lines of the structure.

PART V. CHILD ACCOUNTING AND STATISTICS

(a) Promotions to High School

The following 12 pupils as compared with 14 last year were promoted to high school in June, 1943: Franklin Alden, Harold Claflin, Barbara Dodge, Jeanenne Dodge, Roberta Drew, Eugene Elliott, Carlton Jones, Barbara Palmer, Muriel Proctor, Iris Simonds, Gwendolyn Trickey and Donald Wyman.

(b) Roll of Honor for Attendance

The following one pupil as compared with 12 last year was neither absent nor tardy during the school year ending June 30, 1943: George Varney.

PART VI. AUXILIARY ACTIVITIES AND SPECIAL REPORTS**(a) Report of the Headmaster, Gaylerd Davis**

The graduating class of 1943 consisted of seven pupils. Of these seven, two are attending post-secondary schools, two are in the service and two are farming. The occupation of the other pupils is unknown at this time.

Alton high school opened September 8, 1943, with an enrollment of fifty-five pupils. Transfers, new pupils, and withdrawals have reduced the enrollment to fifty pupils classified as follows: 10 freshmen, 14 sophomores, 11 juniors, and 15 seniors.

Eleven tuition pupils are registered in the high school, 8 from Gilmanton and 3 from Barnstead.

Two changes have taken place in the teaching staff this year. Miss Charlotte French is teaching mathematics and general science. Mrs. Isabelle Fowler was substitute in social studies and senior English until September 29, when Mr. George Hurley joined the staff.

This year correspondence courses from the University of Nebraska in typing and shorthand have been added to the program of studies. There are 4 girls enrolled in the typing course and 3 girls are enrolled in the shorthand course.

At the beginning of the second semester the school day was lengthened thirty minutes to include a much needed activity period.

New text books have been purchased for general math and History of Civilization. Several months ago an automatic bell ringing clock was ordered. Due to existing conditions it is not expected to arrive before sometime in April. Several new maps and a globe have also been purchased. Plans are now being made for changes in the home economics room to provide additional cupboard space and running hot water. Volley ball and badminton courts have been constructed in the school yard for the pupils.

The annual winter carnival underwent one major change this year. Departing from the custom of the past of choosing the queen by selling chances or votes, this year's queen was chosen on the basis of popularity. The carnival ball was held February 11. Outside schools were invited to participate in the sports events

on February 12. Due to bad weather the events were postponed until February 19.

Basketball games with other schools were resumed this year also. Three teams were formed, two boys' teams and one girls' team. Team membership included local boys and girls from the sixth through the twelfth grades.

The boys' first team played games with Nute, Farmington, and Pittsfield high schools, and won four out of six games. The second team played three games with Farmington and lost all three. The girls' team played Nute and Pittsfield winning two out of four games. Rolland Dore coached the boys' teams. Miss Charlotte French coached the girls' team.

The Student Council has done an excellent job of controlling the many extra-curricular activities of the school. The Student Activity association has purchased the following new equipment: several phonograph records, an indoor bowling alley, a checker game and a ping pong set. A regulation ping-pong table was built in the school shop.

The first edition of the school paper, "The Altonian", was published in January with great success by the pupils under the direction of Mr. George Hurley. It is hoped that "The Altonian" will become a monthly publication.

Much of the success of this school year is due to the excellent cooperation and faithful service given by our superintendent and school staff.

(b) Report of School Health Work

To the Townspeople, School Board and Superintendent of schools:

The general health of the Alton pupils has been very good this past year. Last year there was very few cases of communicable disease. Such as there were received follow up as required.

With the exception of some glasses fitted and eyes treated, there were no clinics held in Alton this year. All corrective work was done by the parents involved. Without a dental clinic the dental defects of Alton pupils are bound to increase every year until the percentage of bad teeth is as high as it was before we had school dental clinic work, unless each parent is faithful in see-

ing that the work is followed up each year. No tonsil clinic work was done in Alton this year. It was very difficult and time consuming to get such work done anywhere so the less privileged pupils in more distant places were done only where it could be managed.

Hot lunches were served in the school with the usual success. This is nicely managed by the home economics department. This is part of a very necessary nutritional program.

It was impossible to get time to teach the much desired Red Cross first aid classes in Alton high school this year. However, many of the pupils who took this course last year have been very useful in civilian defense work of the town and have regular assignments in case of air raid alerts. One such work-out was watched by the nurse and pupils did a very fine job. However, a home nursing course under Red Cross standards has been started for the senior home economics girls.

All Alton pupils were given hearing tests with the new Belknap county audiometer presented for use of the schools in this area by the American Legions of the county. There were several hard of hearing cases which the formerly used Maico machine failed to find. Ear examinations by a specialist should be done to ascertain the real cause so that proper corrective measures could be taken before it is too late to save the hearing of these pupils.

Following will be found a statistical report of the health work:

Visits to schools	134
Visits to homes	170
Total visits	304
Days spent	28.5
Days due	28
Pupils examined	191
Defects found	193—1.0 per pupil
Defects corrected	58—30% of defects
Without defect	78—40% of pupils
Glasses already worn	21
Vaccinated	187
Excused	2
Unsuccessfully vaccinated	2
Diphtheria toxoid	86—45% of pupils

Defects found		Corrected
Underweight	16	8
Defective vision	28	21
Defective hearing	17	
Cardiac defects	3	
Deformity	2	1
Defective teeth	90	25
Diseased tonsils	35	1
Adenoids	1	1
Defective speech	1	

I wish at this time to thank all those who have been so very helpful and cooperative with the school health program. Parents and teachers have been very much interested in what we are trying to do for Alton pupils.

Respectfully submitted,

RUTH S. LANGILLE, R. N.

School Nurse.
